Join Cato BioVentures at 2015 BIO International Convention

DURHAM, NC, June 15, 2015 — Experts from Cato BioVentures are attending the BIO International Convention this week at the Pennsylvania Convention Center, Philadelphia, Pennsylvania, USA. This global event for life science companies brings together top executives from all industry segments around the world, ready to meet and build strategic partnerships in the life science sector. These industry segments include biotech and pharmaceutical companies, private investors, and other life science service companies.

Cato BioVentures offers a unique investment model -service equity. This is a tried and tested model (more than 25 years) that has underwritten multiple shared-risk investments for regulatory and clinical development activities in partnership with Cato Research Limited. These partnerships have yielded mutual success for CATO and for our partners by accelerating the development of a wide variety of innovative healthcare products at all stages of development.

Cato BioVentures experts will be participating in one-on-one partnering sessions where we can focus on your success needs. Please contact us at cbvinfo@cato.com to schedule a meeting session. We look forward to meeting you!

The following Cato BioVentures experts will attend:

- Lynda Sutton, B.Sc., Principal and Cofounder
- Daniel Pharand, C.P.A., C.A., Principal
- Kris Dyszynski, B.A., Strategic Business Developer

About Cato BioVentures

Cato BioVentures is the venture capital affiliate of Cato Research, a global contract research and development organization (CRO). For over 20 years, Cato BioVentures and Cato Research have partnered with entrepreneurs, academic institutions, and a broad base of biotechnology and pharmaceutical companies to advance a robust portfolio of successful product development programs. Through strategic CRO service agreements with Cato Research, Cato BioVentures has invested its CRO Service Capital™ in innovative therapeutics, medical devices, and stem cell technologies that improve the pharmaceutical industry's research and development productivity. If strategic outsourcing for development, regulatory, and clinical support is a core component of a company's business plan, then Cato BioVenture's investment model can make a positive difference in the company's overall success. For more information about Cato BioVentures, call 919-361-2286 or visit www.CatoBioVentures.com.

About Cato Research

Founded in 1988 by Dr. Allen Cato and Lynda Sutton and headquartered near Research Triangle Park, North Carolina, Cato Research is a full-service contract research and development organization providing strategic and tactical support for clients in the pharmaceutical, biotechnology, and medical device industries. Services range from design and management of preclinical and clinical studies to submission of regulatory documents required for marketing approval. With a staff of approximately 250 and offices located in the United States, Europe, Canada, Israel, and South Africa, the Cato Research team consistently demonstrates an unsurpassed level of responsiveness, flexibility, attention to detail, and passion for bringing their clients' products to market with speed and cost-effectiveness. For more information about Cato Research, visit www.Cato.com.
